

# SOFT ATHALON

An event aimed at simulating the software profile based recruitment procedure for under graduates. It consists of a series of written and coding rounds testing the technical prowess of the candidate. Interview rounds also form an integral part of the event in which the students are judged on the knowledge and confidence they exude.

 **Team Size:** 1

 **Team Eligibility:** Must be from CS/IT

 **Winners:** 3 student per year

 **Rounds:** 3

**SHASHANK SHARMA**  
shashanksharma7874@gmail.com  
 9084980484

**RANJIT**  
rkranjeet244@gmail.com

# CODE OF THE DAY

It is a week-long competitive coding event attracting nationwide participation. It consists of a set of 7 problems, one for each day. The participants labor relentlessly to submit efficient solutions within 24 hours of the release of the problem.

**Team Size:** 1

**Team Eligibility:** None

**Winners:** 3 student overall

**Rounds:** 7 (one problem daily)

**PRAKHAR KULSHRESTHA**  
prakh4020@gmail.com

**NITIN DOODHIYA**  
nitindoodhiya@gmail.com  
8224828079

# SOFTABLITZ

A software development event which targets building solutions for problem statements using Object Oriented Concepts. This event not only evaluates the participants on the implementation of features of the application but also innovation, code modularity and overall efficiency of the application.

 **Team Size:** 3

 **Team Eligibility:** Min One member from CS/IT

 **Winners:** 3 teams overall

 **Rounds:** 3

**SHREY PANDEY**  
shreypandey1509@gmail.com  
 7408921252

**SURAJ GOEL**  
surajgoel.1225@gmail.com  
 8901435825

**SHASHWAT PANDEY**  
shashwat.pandey.1901@gmail.com  
 9455851989

# DROIDRUSH

An event which provides a platform to students to showcase their mobile applications development skills. Innovative and challenging problem statements are specially designed to capture the interest of students to motivate them to build attractive applications.

 **Team Size:** 3

 **Team Eligibility:** Min One member from CS/IT

 **Winners:** 3 teams overall

 **Rounds:** 3

**KUNAL SEVKANI**  
ksevkani495@gmail.com  
 7976127003

**HARSHIT AGARWALL**  
harshitagr98@gmail.com  
 9957058681

**SHUBHAM DAMANI**

 8947913485

# LOGICAL RHYTHM

A riveting journey across the terrains of machine learning and data science designed to catalyze the knowledge of budding engineers in this field. Multiple rounds of real world problem solving gives the students an idea of the algorithms as well as their application

 **Team Size:** 3

 **Winners:** 3 teams overall

 **Team Eligibility:** Min One member from CS/IT

 **Rounds:** 3

**YASH SAWARN**  
yashsawarn1654@gmail.com  
 7042629877

**ARPIT YADAV**  
yadavarpit771999@gmail.com  
 8299509672

**HARSH CHATURVEDI**  
harsh48chaturvedi@gmail.com  
 9110903327

# OPERAOMNIA

A quirky event which galvanizes even the laziest of brains into action and encourages prompt response and witty answers. Operaomnia gauges the ability of participants to play with puzzles, riddles and mind twisters

 **Team Size:** 1

 **Winners:** 3 students overall

 **Team Eligibility:** NONE

 **Rounds:** 3

**MREDUL JAIN**  
mreduljain1999@gmail.com  
 9711523327

**PRABHNOOR**

# TUXWARS

An event to test the practical acumen in Linux command line tools, shell scripting and networking. The written round tests the theoretical understanding in Linux and the practical round expects the teams to compete in a time bound environment while working on systems and applying concepts.

 **Team Size:** 2

 **Team Eligibility:** Min One member from CS/IT

 **Winners:** 3 teams overall

 **Rounds:** 3

<p><b>MANAS UNIYAL</b> manasuniyal100@gmail.com  9149379200</p>	<p><b>RITUPARNO BISWAS</b> rituparnobiswas@gmail.com  9031964914</p>	<p><b>SAI KRISHNA</b> attalurisaikrishna@gmail.com  7376516392</p>
--	---	---

# REVENGG

A CTF-style challenge for all active and aspiring reverse engineers. Reverse engineering, also called back engineering, is the process by which a man-made object is deconstructed to reveal its designs, architecture, or to extract knowledge from the object; similar to scientific research

 **Team Size:** 2

 **Team Eligibility:** Min One member from CS/IT

 **Winners:** 3 teams overall

 **Rounds:** 3

<p><b>ANSHUL SINGH</b> iosdev747.icloud@gmail.com  9599325403</p>	<p><b>PRASHANT SHAKYA</b> prashushakya@gmail.com  9005902201</p>
